EDUCATION

Madras Institute of Technology, Anna University, Chennai Bachelor of Engineering in Computer Science and Engineering	Nov 2022 – Apr 2026 CGPA: 8.33
Montfort School, CBSE, Trichy Higher Secondary School (2022) Secondary School Leaving Certificate (2020)	86.2% 94%

EXPERIENCE

Amazon Software Development Engineer Intern	Jan 2026 – Jun 2026
- Migrated ISWalletEventsProcessor service as part of the RegionFlex initiative, enabling deployment from the Dublin region to the Spain Region. - Developed and deployed AWS infrastructure using Infrastructure as Code (IaC). - Tested deployment pipelines, resolved production issues through log analysis and graph monitoring. - Leveraged Amazon's internal AI development tools to accelerate debugging, implementation, and code delivery. Tech Stack: Java, AWS, CDK pipeline, AppConfig, Amazon SNS, Amazon SQS, DynamoDB, Git, Infrastructure as Code (IaC).	

SKILLS

Languages: Java, C, C++, Python
Core: Data Structures Algorithms (DSA), Object-Oriented Programming (OOP), Operating Systems, Computer Networks
Cloud: AWS, IaC, AppConfig, Amazon SNS, Amazon SQS, DynamoDB
Databases: MySQL, PostgreSQL
Web: HTML, CSS, JavaScript, React
Tools: Git, GitHub, Jira, Bootstrap, Draw.io
Soft Skills: Leadership, Organization, Prompt Engineering, Cross-team collaboration

PROJECTS

A Multi-Stage Transformer-Based Framework for Context-Preserving Detoxification of Large Language Model Outputs	Dec 2025 – Apr 2026
- Developed a multi-stage framework for context-preserving detoxification of LLM outputs. - Implemented RoBERTa-based toxic span detection, masked language modeling, and controlled paraphrasing for context-preserving text rewriting. - Achieved an 81% toxicity reduction while preserving semantic similarity. Tech Stack: Python, RoBERTa, ToxicBERT, Masked Language Modeling MLM.	
SmartStroke	Jan 2025 – Apr 2025
- Developed an AI-powered drawing assistance system for children with High Functioning Autism. - Implemented real-time stroke detection and adaptive feedback using LSTM. Tech Stack: React.js, HTML5 Canvas, Python.	
Hotel Management System	Apr 2024 – May 2024
- Designed and developed a hotel reservation management system with customer and booking management features. Tech Stack: PostgreSQL, HTML, CSS, JavaScript.	

RESPONSIBILITIES HELD

General Secretary Association of Computer Technologists (ACT)	Jul 2025 - May 2026
Led planning and execution of departmental technical events, workshops, and student initiatives.	
Organizer ACT	Nov 2024 - Apr 2025
Organized PRAYATNA and TRIGGER departmental symposiums.	
Coordinator MITAFEST	Apr 2024
Coordinated the inter-college dance competition.	

EXTRA-CURRICULAR

MIT Dance Club (MYTBC) Core member of MIT's official dance team.	2023 – 2025
Anna University Student Entrepreneurship Club (AUSEC) Internal Affairs Member.	2023 – 2025
